ARCHITECTURE

CENTRAL PARK

Designed around light, proportion and everyday ease.

Central Park brings together contemporary architecture, generous outdoor living and calm, carefully considered interiors.
The project is composed as a sequence of refined residences with a strong connection between inside and out.

AREAS

Structure with a softer edge.

Strong horizontal slabs, textured concrete and integrated planting give the building a confident but calm presence. The façade is designed as a layered composition of shade, greenery and deep terraces.

THE IDEA

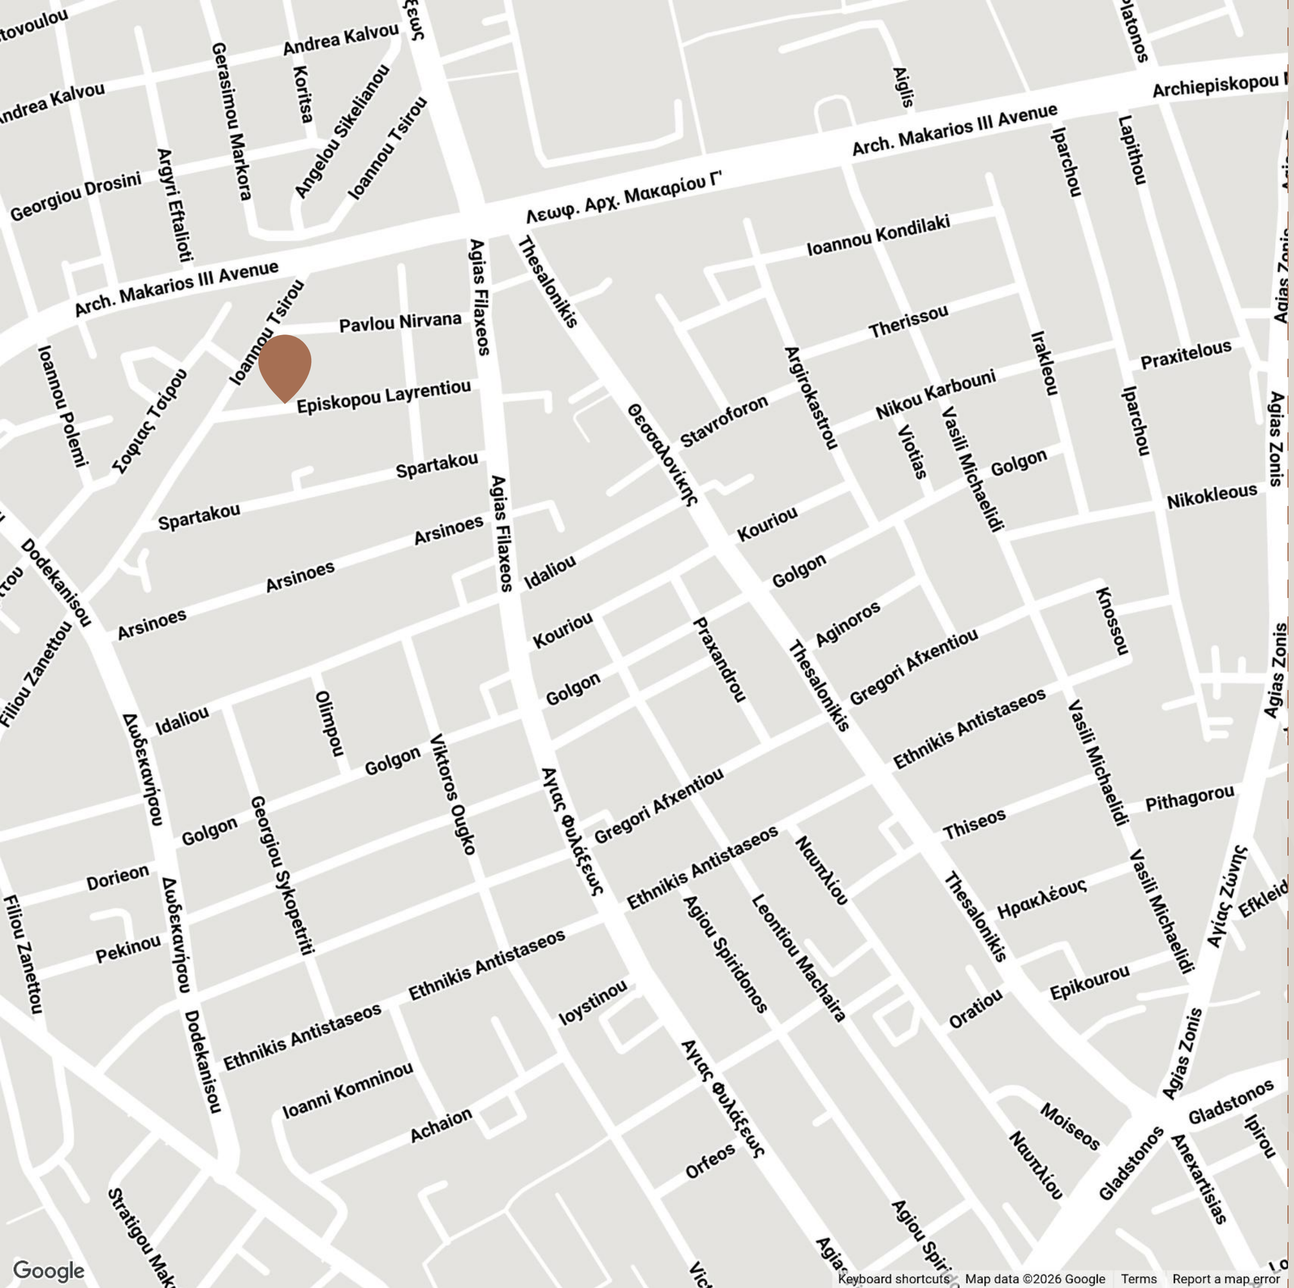

Structure softened by landscape.

CENTRAL PARK

Warm minimalism. Made to live in.

Soft neutral finishes, oak tones and carefully layered lighting create interiors that feel calm rather than formal. Open-plan living spaces are designed to be comfortable, flexible and quietly refined.

CENTRAL PARK

Private space above the city.

The penthouse level is conceived as a complete indoor-outdoor experience: generous terraces, dining and lounge zones, planting and private pools create a relaxed setting for entertaining or quiet evenings at home.
